- exceptionally light jacket thanks to a special selection of high-quality fabrics and accessories
 - reliable rain protection and an excellent freedom of movement provide very high comfort
 - the ripstop shell fabric is waterproof, breathable and durable
 - fully taped seams
 - modern and ergonomic cut
 - the high quality ironed reflective stripes reduce the weight of the jacket, reduce the need for additional seams and improve the comfort
 - the mesh lining is very comfortable also when worn directly on the skin
 - very high quality 2-way reflective and water repellent YKK[®] front zipper improves the freedom of movement further
 - ergonomically shaped sleeve cuffs, adjustable with velcros
 - adjustable hem
 - 3-piece hood, adjustable and stackable with a pre-shaped peak
 - zippers in the armpits for an improved ventilation and temperature regulation
- pockets:
- 2 hip pockets with zippers and reflective pocket flaps
 - 1 chest pocket with a reflective, water repellent YKK[®] zipper
 - 1 patched inner pocket
 - packaging unit: 5
